Subject: Potential Need for Replacements at Exxon Mayflower Oil Spill for this weekend
Date: Thursday, April 11, 2013 11:51:38 AM

Chris,

I can probably go up Saturday afternoon if needed and stay until the morning of April 17 at the latest. Due to the 32 furlough hours (request to Wes yesterday), I planned a medical procedure for late 17/18 and purchased plane fare to NM from April 19-23. If it's an emergency, I can probably re-schedule everything but need to know fairly soon. Sorry for the complicated response, but as you know...trying to juggle our schedules sometimes a challenge with all the things we have going on...also, if I wait until the last minute for air fares, rentals and other for personal it can get very expensive so I try to do as much ahead of time as I can. Let me know. Thanks.

Subject: Potential Need for Replacements at Exxon Mayflower Oil Spill for this weekend

Due to the bi-weekly pay cap limits and our inability to get it waived for this event, we may need to send two folks to replace Mike and Steve at the Mayflower oil spill for this Fri, Sat and Sun. Please let us know your availability for this weekend 4/12-14. Thanks.....jcp
